Exciting News: Welcome Valeria Savina to the Born 2 Dance Family!

Dear Born 2 Dance Community,

We are thrilled to announce that Valeria Savina, a talented and passionate dancer from Ukraine, is joining our teaching team! Valeria is a professionally trained dancer specializing in Ballet, Modern Jazz, and Contemporary Dance, and she brings years of experience and a fresh perspective to our studio.

Valeria's journey as a dancer has taken her from the elegant stages of classical ballet to the expressive world of contemporary and jazz styles. Her ability to connect with dancers of all levels, combined with her technical expertise, makes her a perfect fit for our growing dance family.

Let's take a moment to understand the incredible dance styles Valeria will teach:

Ballet

Ballet is the foundation of many dance forms, emphasizing precision, grace, and discipline. It teaches dancers posture, balance, and the strength to execute complex movements with fluidity. Valeria's expertise in classical ballet will give students a strong technical base and help them unlock their potential as performers.

Modern Jazz

Modern Jazz is a vibrant and dynamic dance style that blends classical ballet technique with contemporary movements. It's expressive, energetic, and rhythmic, often performed to upbeat music. Valeria's classes will focus on developing flexibility, coordination, and artistry, making Modern Jazz perfect for those who want to explore their creative side.

Contemporary Dance

Contemporary dance is all about freedom, emotion, and storytelling. It merges elements of ballet and modern dance, allowing for innovative movements and personal expression. Valeria's contemporary classes will challenge dancers to move with intention, connect to the music, and tell their own stories through dance.

Valeria will begin teaching classes in February, and her schedule will include specialized workshops and ongoing courses in these beautiful styles. Whether you're a beginner eager to learn or an experienced dancer looking to refine your skills, Valeria's classes will inspire and motivate you.

Let's give Valeria a warm Born 2 Dance welcome and make her feel at home! Stay tuned for updates on her class schedule and special introductory sessions.

We can't wait to see you grow and shine under Valeria's guidance.

New Year, New Dance Choreographies!

As we kick off the new year, we're embracing change and creativity with brand-new dance choreographies across all classes.

It's time to say goodbye to the routines you mastered last year and welcome fresh, exciting sequences that will challenge and inspire you.

With most of our choreography completely changing, class attendance is more important than ever to stay on track and keep up with the new material. Let's work together to make 2025 a year of growth and stunning performances!

Special Membership Discounts for Additional Classes

We're pleased to offer fantastic discounts for members who wish to join more than one class:

- **Second class membership:** 25% off.

Important Notice: Registration and check-in

Dear dance friends, dear members,

our dance community is growing steadily, which makes us happy and brings you more new and exciting dance acquaintances, new dances and new workshops.

As the owner of B2D, I am very thrilled about this!

However, with the increasing number of members, we also have to ensure that each member is properly registered and logged in for each class.

When we did our annual accounts in 2024, we noticed that we had no registration at all from some of our dancers.

We do our best every day and in return we expect your honesty.

The reasons for a missing membership are different. Sometimes it is forgetfulness, sometimes a longer break, but sometimes also the transition from a trial session to a fixed course.

Therefore, we have decided that from this year on, it is mandatory to log in at the check-in terminal before class.

You can log in with your B2D card.

What do I do if I have forgotten my membership card?

No problem, you can also log in with your name (surname). To do this, select the 'keyboard symbol' on the login terminal and enter your name. You can then select your course and confirm with OK.

Each of our dance instructors will receive a log-in list before class to ensure that each participant who stands in front of her/him is also logged in (= has an active registration).

Free trial lessons for newcomers are still possible and will be handled separately.

B2D Code of Conduct

In order to simplify and standardise the preparation for our shows and the borrowing of costumes, we have revised our rules and summarised them in a document this can be found at the dance studio or on our website.

This short set of rules also includes a chapter on how we treat each other, our dance studio and employees.

Fairness and dignity in our dealings with each other and you is very important to us.

Further information will be available on our website and at our reception from around mid-January.

B2D WhatsApp and Phone

From January 2025 separate B2D phone number

From January 2025, we will have a separate phone number and WhatsApp for our dance school. The number you already know will remain the same **(+49-151-10434885)**.

This number is managed by Karabo, Maksat, Valeria or - in rare cases - by Max. We answer your messages, questions and suggestions here.

Important: This number is used solely for communication with the dance school.

The increasing number of members has made it necessary to separate the connection previously used for private and B2D matters.

The advantage for you is that your messages will be answered faster and more directly, since the above number is exclusively for B2D.

Private Lessons

Please note that private lessons are available for all children from the first beginner level up to the highest level. as well as for adults.

Some parents prefer their children to come to private lessons on a weekly basis. This decision is made by the parents themselves. This is not obligatory, you can take a private lesson once a month, twice or every week and you can choose not to take a private lesson at all this decision is based completeley on the parents or members.

It all depends on your wishes.

We always recommend working privately with a child, as this allows them to improve their dance skills much faster. We can give more attention to their personal growth and development.

How to book?

We have an online system for booking private lessons with a first come, first served service.

Fixed and regular appointments will of course be faded out. This will help the private lesson system. You will then book the appointments online and we will accept or decline them if there is not enough capacity.

Many thanks in advance for your support!

Book your private lessons here:

Next Newsletter

Date: April 2025

We will do our best to publish a regular newsletter every quarter. This means that we will issue four newsletters per year. As we have a quarterly system for payments and registrations. A letter will be published every three months.

Coming Up

Planned for the 2nd Quarter 2025:

- All Boys Hip Hop
- New Workshops and classes
- Special Events
- Many more..!
